## Further Details

Last year's Lent course, *The Practice of Paradise*, finished by considering what the community of paradise might look like. This year takes up this theme by focusing on the characteristics of a Christian community of paradise. If that sounds ethereal and unrealistic, the themes of the five sessions are very down to earth: (i) Being valued (ii) Joyful, energising acceptance (iii) Hope not victimhood; (iv) Awareness, Awakeness, Action (v) What now?

The groups will start in the week after the first Sunday in Lent, that is the week beginning 26 February and will run for five weeks, finishing the week before Holy Week. Please sign up for a group. Last year a lot of people clearly got a great deal out the Lent Course, so do sign up.
